City of Phoenix Employees

## I Support My AFSCME Bargaining Committee!

Phoenix city employees have gone 8 years without a cost of living increase and have suffered many concessions to support the City of Phoenix and serve our community. Now it is time for us to stand together to secure a decent pay increase that will increase the quality of life for ourselves, our families and our community.

I pledge to call my City Council Member to let them know I support my AFSCME Bargaining Committee and plan to attend the budget hearing held in my district. I will also talk to my family, friends, and neighbors asking for their support.

## SUPPORT PHOENIX WORKERS!

Dear Mayor and Council:

I support my AFSCME Bargaining Committee in our quest for improved wages and benefits so that we can better serve our community. We have suffered through the recession and worked with the City of Phoenix to ensure that the quality services that we provide to our citizens continue.

Now is the time - the city of Phoenix's finances have sufficiently recovered from the recession, so it's time to prioritize the employees that make our city run.
