BACKGROUND

American Medical Response (AMR) recognizes that alcohol and substance abuse can create a hazard both for the user and for those persons who come in contact with the user. While each employee is ultimately responsible for his or her own safety and health, AMR recognizes its parallel responsibilities to provide as safe a workplace as possible and to comply with all applicable laws and regulations.

PURPOSE

The purpose of the *AMR Substance Abuse Prevention Policy* is to outline a comprehensive prevention and response system that will reduce the likelihood of substance abuse by employees, thereby supporting AMR's Risk Management Program and creating a safer environment for employees, patients and the general public.

APPLIES TO

This policy applies to all AMR employees.

ENFORCEABILITY

Violation of any element in this policy will result in corrective action, up to and including termination. Items flagged with a * symbol involve both a high likelihood of mishap / injury and require primarily a choice, not a skill, in order to comply. Violation of such * items will trigger accelerated corrective action, up to and including termination for the first infraction.

Employees are required to familiarize themselves with these expectations. To obtain further information about substance abuse prevention, please contact your supervisor or the Human Resources Department.

1.0 It is the policy of AMR to:

- 1.1 Expressly prohibit the unlawful use, possession, manufacture, distribution, dispensation, or sale of alcohol and controlled substances or illicit drug paraphernalia by its employees at all times. In addition to termination, AMR may report these activities to local law enforcement or other regulating agencies.
- 1.2 Require AMR employees to be fit for duty while performing services on behalf of the company and to perform all assigned duties without the presence of illegal drugs, alcohol or inappropriate legal drugs in their systems.
- 1.3 Test any employee for alcohol and controlled substances as outlined in this policy.
- 1.4 Whenever necessary, search AMR premises for evidence of potential substance abuse. "AMR premises" includes but is not limited to: all facilities and areas in which AMR operates, AMR owned / leased property, any property where services on behalf of AMR are being performed, AMR owned or leased equipment, privately owned vehicles while on AMR owned or leased property, parking lots, lockers, desks, equipment, work spaces, and storage facilities.

PROCEDURES

- 2.3 AMR employees may be exempt from the alcohol related provisions of this policy for a specific meeting or company function where alcohol consumption is permitted by AMR management.
 - (a) Alcohol related exemptions shall not apply to any employee that:
 - (1) Is expected to remain ready to respond to emergency calls, provide patient care, or provide clinical guidance to on-duty employees [e.g. field employees or field supervisors who are on-duty or on-call].
 - (2) Drives an AMR vehicle to or from the meeting / company function
 - (3) Is in AMR uniform, regardless of duty status
- 2.4 * AMR employees are prohibited from unlawful use, possession, manufacture, distribution, dispensation, or sale of controlled substances or illicit drug paraphernalia.
- 2.5 If taking a prescribed or over-the-counter drug, employees must immediately report to their supervisor if the use of the drug may alter the employee's behavioral alertness or mental ability and / or may interfere with the employee's ability to perform their normal job duties in a safe and competent manner.

- (a) The company may require the employee to provide a written letter of explanation from their physician that indicates knowledge of the employee's work, sufficient awareness of the hazards associated with the work, and professionally reasoned confidence that the prescribed medication will not create unreasonable risk for the employee, coworkers, patients, or the community.
- (b) Employees are not to take prescription drugs unless they are issued to them by a physician. Therefore, any prescribed drugs taken while on duty must be in the original container and be clearly marked with the employee's name on the prescription label.
- (c) Employees are not to knowingly misuse or abuse over-the-counter or prescription medications.

2.6 Employees must notify their supervisor immediately if they are arrested or convicted under any criminal statute associated with drugs or alcohol.

3.0 Drug and Alcohol Screening

3.1 AMR locations that do not have a saliva-based screening process available should proceed directly to drug and alcohol testing if indicated by Section 5.0 of this policy.

3.2 Where available, saliva-based drug and alcohol screening may be used to "rule-out" the presence of alcohol or controlled substances in an employee's system. In such cases, an HR-approved procedure or checklist should be used to govern the key steps of the screening process, including but not limited to:

- (a) Ensuring appropriate steps are taken to document the reason for administering the screen
- (b) Providing for a witness while the screen is administered
- (c) What to do if the saliva-based screen indicates "non-conclusive" or similar findings that suggest the need to utilize a drug and alcohol test.

3.3 No AMR location or department is obligated to make saliva-based screening available to employees.

3.4 Saliva-based screening is not to be used as the basis for taking corrective action. Rather, it may be used only to determine whether to proceed with a drug and alcohol test.

3.5 Screening results that indicate "non-conclusive" [or equivalent] shall trigger quantified drug and alcohol testing as described elsewhere in this policy.

3.6 Regardless of saliva-based screening results or an employee's refusal to participate in a drug or alcohol screen, AMR reserves the right to require an employee to undergo a drug or alcohol test.

4.0 Pre-Employment Drug Testing

4.1 Individuals that receive a job offer from AMR must complete a post-offer / pre-placement drug test that is administered by an AMR-designated provider. AMR's Human Resources Department should provide guidance to employment candidates regarding HR-designated test locations, documentation and process requirements.

4.2 Saliva-based screening is not permitted for use in lieu of the drug test required by this section.

4.3 Employment candidates that refuse to undergo a drug test, or who fail the test, are not eligible for hire.

5.0 Drug and Alcohol Screening / Testing—Current Employees

5.1 Reasonable suspicion criteria

- (a) AMR management may initiate a reasonable suspicion drug and alcohol screen or test for any employee who exhibits physical, behavioral, or performance indicators of possible drug or alcohol use.

- (b) Prior to initiating a reasonable suspicion drug and alcohol screen or test, Supervisors should consult with the AMR Human Resources Department and other appropriate resources as necessary.
- (c) The investigating Supervisor should clearly document the physical, behavioral or performance indicators of possible drug or alcohol use that formed the basis of their reasonable suspicion. This information, along with any other investigation work products, should be forwarded to Human Resources for review.

5.2 For cause criteria

(a) Post-incident

- (1) All collisions involving an AMR vehicle where one or more persons are transported by ambulance or any vehicle must be towed from the scene
- (2) More than 2 workers' compensation claims that involve treatment in a 12 month period
- (3) Discovery of an open container of alcohol, controlled substances or drug paraphernalia in an employee's possession while at work, in the employee's work area, or in any area the employee had access to
- (4) Missing or altered controlled substances to which the employee had access
- (5) More than one customer complaint of missing medications in a 36 month period
- (6) Arrest or conviction for violation of a criminal drug statute
- (7) Alleged felony activity while on duty

5.3 Return to duty testing criteria

- (a) Employees that meet the condition of Section 9.2 of this policy are required to successfully pass a return to duty alcohol test before resuming duty.
- (b) Employees that proactively self-disclose a drug or alcohol problem to the company are required to take a return to duty drug and alcohol test before returning to duty. See also Section 5.4 below.

5.4 Follow-up testing criteria

- (a) Employees that proactively self-disclose a drug or alcohol problem to the Company or who meet the condition of Section 9.2 of this policy will be required to participate in a follow-up [unannounced / random] testing regimen that is designed or approved by the Company.

5.5 Random testing criteria

- (a) Excepting those covered by a last-chance agreement, as outlined in Section 12.2 of this policy, random drug and alcohol testing may not be done unless a separate written program is established by the AMR Human Resources Department.

6.0 Drug and Alcohol Test Process

- 6.1 Given the inability to determine the presence or type of substance(s) that might be in an employee's system without conducting an appropriate test, alcohol testing must be done in conjunction with controlled substance testing and vice versa. Using only one or the other test is not permitted—both must be used.
- 6.2 * If the employee refuses to submit to a drug and alcohol test or refuses to sign a chain of custody form or any other documentation associated with this policy or the drug or alcohol testing process, he/she will be terminated.

- 6.3 * Employees shall not take any deliberate action to mask the signs of alcohol or controlled substance use or to elude detection of having alcohol or controlled substances in their system.
- 6.4 * Employees shall not switch or adulterate a drug or alcohol test specimen. This action shall result in termination.
- 6.5 * Upon being notified by the Company of the need to submit to a drug and alcohol test, employees must immediately report to the test collection site as directed by the investigating supervisor. Failure to do so may result in termination.
- 6.6 AMR management should provide or arrange safe transportation for the employee upon request, or upon management suspicion that an employee may be unable to safely operate a vehicle.
- 6.7 An employee required to undergo an alcohol and drug test based on “reasonable suspicion” should be placed on unpaid administrative leave until the test results are received. Employees required to undergo a drug and alcohol test based solely on the basis of meeting the “for cause” criteria specified in Section 5.2 of this policy [i.e. no reasonable suspicion factors evident] do not normally need to be placed on administrative leave. Consult the Human Resources Department as needed in this regard.
- 6.8 All documentation associated with the administration of this policy will be maintained by the AMR Human Resources Department and will be treated as confidential.

7.0 Drug and Alcohol Test Methods

- 7.1 As established in Section 3.0 of this policy, AMR may elect to utilize a saliva-based drug and alcohol screening to help determine whether administering a quantified drug and alcohol test is indicated.
- 7.2 AMR controlled substance testing detects opiates, marijuana, phencyclidine (PCP), amphetamines, cocaine, cocaine & marijuana metabolites, benzodiazepines, barbiturates, methadone, propoxyphene and may test for any other substances identified in Schedules I-V of Section 202 of the Controlled Substances Act (21 U.S.C. Section 812). Controlled substance testing will be performed with split urine samples by a HHS-certified laboratory under the National Laboratory Certification Program (NLCP).
 - (a) An initial screen by immunoassay (e.g. EMIT) and confirmation test using Gas Chromatography/Mass Spectrometry will be conducted.
 - (b) In addition to the interpretation, test sites should be asked to provide quantified results.
- 7.3 Alcohol testing may be conducted by breathalyzer, urinalysis, or blood. If the initial test indicates the presence of alcohol, a confirmation test will be done within fifteen minutes. Confirmation testing may be by breathalyzer, blood testing or any other evidentiary means for testing alcohol.

8.0 Confirmation of Test Results

- 8.1 AMR will designate a Medical Review Officer (“MRO”) who shall be a licensed physician with knowledge of drug and alcohol abuse disorders. The MRO shall perform the following functions:
 - (a) Review and interpret each confirmed positive test result to determine if there is an alternative medical explanation for the result. The MRO should:
 - (1) Conduct a medical interview with the individual tested.
 - (2) Review the individual’s medical history and any relevant biomedical factors.
 - (3) Review all medical records made available by the individual tested to determine if a confirmed positive test resulted from a legally prescribed medication.
 - (4) If necessary, require that the original specimen be reanalyzed to determine the accuracy of the reported test result.
 - (5) Verify that the laboratory report and assessment are correct.

- 8.2 The MRO review of confirmed positive test results shall conclude with one of the following determinations:
- (a) There is a legitimate medical explanation for the confirmed positive test result other than unauthorized use of a controlled substance. This shall be reported to AMR as a negative test and shall be recorded in the employee's medical file.
 - (b) Based on a review of laboratory inspection reports, quality assurance and quality control data, and other drug test results, the MRO may conclude that a particular drug test result is scientifically insufficient for further action. This shall be reported to AMR as a negative test and shall be recorded in the employee's medical file.
 - (c) The MRO determines, after appropriate review, that there is no legitimate medical explanation for the confirmed positive test result other than the unauthorized use of a controlled substance or alcohol. This shall be reported to AMR as a positive test and shall be recorded in the employee's medical file.

9.0 Alcohol Test Failure Criteria and Consequences

- 9.1 < 0.02: No action based on alcohol concentration.
- 9.2 ≥ 0.02 and ≤ 0.039 : Removal from duty, mandatory EAP referral, mandatory final written warning, at least a one (1) shift unpaid suspension, mandatory return to work test, mandatory / signed last chance agreement that includes [but is not limited to] mandatory participation in a follow-up testing program designed or approved by AMR. This option may be used only once during an employee's work experience(s) with AMR.
- 9.3 ≥ 0.04 : Termination.

10.0 Drug Test Failure Criteria and Consequences

- 10.1 Any detectable presence of controlled substances, controlled substance metabolites, or controlled substance test adulterants will result in termination.

11.0 Employee Assistance Program

- 11.1 AMR supports early intervention and treatment for employees faced with alcohol or controlled substance related problems by providing an Employee Assistance Program (EAP). Employees with alcohol and /or substance abuse problems are strongly encouraged to voluntarily and proactively utilize the EAP service. For current information about this service, employees should contact their supervisor or the AMR Human Resources Department.

12.0 Self-Disclosure of a Drug or Alcohol Problem

- 12.1 Employees are strongly encouraged to proactively inform their supervisor or a Human Resources Department staff member if they have an alcohol or a controlled substance abuse problem. If notified, the Company should carry out an investigation into the matter. The investigation may include requiring the employee to take an alcohol and / or controlled substances test.
- 12.2 If the investigation shows the employee's disclosure was made proactively [i.e. before being requested by the Company to submit to drug or alcohol testing and before an incident occurs that could reasonably lead to such request], the employee may be permitted, in lieu of termination, to enter into a written "Last-chance agreement" between the employee and the Company.
- (a) As part of the last-chance agreement, the employee may be required to take an unpaid leave of absence in order to complete appropriate treatment for alcohol and / or controlled substance abuse.

- (b) Before becoming eligible to return to duty, employees participating in a last-chance agreement must agree to and fully comply with all requirements established by the Company, the local EMS Agency, and the EMS Agency Medical Director.
- (c) Failure to sign the last-chance agreement or failure to fully comply with the terms therein shall be grounds for termination.

12.3 Self-disclosure of an alcohol or substance abuse problem that is deemed to be reactive in nature [i.e. after being requested by the Company to submit to drug or alcohol testing or after an incident occurs that could reasonably lead to such request] will have no effect. If a drug or alcohol test reveals a failed result, the employee will be subject to the corrective actions specified in Sections 9.0 and 10.0 of this policy.

13.0 Education and Training

13.1 AMR has implemented a Drug Free Awareness Program to educate employees and their families on alcohol and substance abuse issues. The Program includes information about:

- (a) The AMR Substance Abuse Prevention Policy.
- (b) The dangers of alcohol and drug abuse.
- (c) The availability of confidential treatment and counseling through AMR's EAP
- (d) The consequences of violating this policy.

14.0 Exceptions

14.1 Any exception(s) to this policy must be approved by the National VP of Human Resources and the National VP of Safety and Risk Management, in writing, and in advance of any such exception(s) being taken.
